The screenshot shows a chess puzzle interface. At the top left, there is a character icon and a gold coin icon with the number 10154. Below this is a progress bar with 10 green segments and the text "本小关通关次数: 0". A yellow callout box points to the coin icon with the text: "这里是金币数量。可以用来换装备、换棋盘棋子、喂小象等。". Below the progress bar is the text "用后杀王". A second yellow callout box points to the progress bar with the text: "可以做题啦。当上面十个小灯都亮起后，说明你都做对了，系统自动给你加金币。然后开始做下一个题。". The chessboard is in the center, with a white king on g1 and a black king on d4. The text "黑先" is above the board. On the right side, there are several buttons: "返回地图", "重新选题", "棋盘棋子", and three colored circles (red, green, yellow). Below these are thumbs up/down icons, "上一题", "重新开始", and "下一题" buttons.
